1.73 Square Miles Qualify for Enterprise Zone Tax Incentives

Effective January 1, 2002, an area of Vincennes was approved for the Enterprise Zone tax incentives. These tax incentives for Vincennes residents, who live and work in a specified enterprise zone area, will be claimed on the individual returns filed for the 2002 tax year, which are due April 15, 2003.

Information on the specific incentives is available from the Indiana Department of Revenue. Information Bulletin #66 explains the Enterprise zone features in detail.

The Indiana Department of Revenue web site at www.IN.gov/dor has the Information Bulletin, as well as a map of the enterprise zone.

Individuals should contact their employer if they lived and worked in the enterprise zone during 2002.

Vincennes was omitted in the enterprise zone listing provided in the 2002 IT-40 Indiana tax booklet.
